Great location with this well-maintained bi-level with tons of recent updates and a family-friendly layout! Ideally located in a desirable neighborhood backing onto Roy Bickell School — enjoy added privacy with NO rear neighbors and watch your kids walk to school! The bright main floor features a spacious sunken living room with beautiful bay-style windows that flood the space with natural light and feature gas fireplace. The functional kitchen offers ample cabinetry, modern appliances, and a spacious dining nook. Just off the kitchen you’ll find 2 great sized bedrooms, main flr bath and a primary retreat with walk-in closet and full ensuite. The fully developed basement offers exceptional versatility with a large bedroom with access to 3rd full bathroom, and generous family space featuring brand new carpet and an amazing storage nook converted to unique kids hang-out! A separate garage-to-basement entrance adds flexibility for extended family, home office, or future rental potential. Recent updates include brand-new fence, newer hot water tank (3 years old) and a new washing machine. Move-in ready with exciting equity-building potential — a rare family home in an excellent location!
